THIS FAIR IS ORGANIZED WITH THE AUDIT OF TOBB (THE UNION OF CHAMBERS AND COMMODITY EXCHANGES OF TURKEY) IN ACCORDANCE WITH THE LAW NO.5174.

Continuous Energy Power of Turkey for 28 years

SAVE THE DATE

24–26 April 2024
İstanbul Expo Center

27th ICCI International Energy and Environment Fair and Conference organized by Sektörel Fuarçılık and Turkish Cogeneration Association with the support of Ministry of Energy and Natural Resources of Republic of Turkey and Energy Market Regulatory Authority (EPDK) has brought together the energy sector between May 24-26, 2023. The largest energy fair of Türkiye and the surrounding region has been a great success with more than 100 exhibitors and productive meetings they had.

The ICCI 2023 Conferences took place over the course of 3 days in 4 conference rooms and 40 sessions with the theme “Sustainable and Smart Transformation in Energy” The sessions discussed subjects that are closely related to the future of the global energy sector such as “Security of Supply in Electricity and Natural Gas”, “The EU Green Deal, Renewable Energy Resource Guarantee System and Carbon Tax at the Border”, “Cyber Security, Remote Monitoring Systems”, and “Green Hydrogen” in Türkiye.”

Foreign delegations showed interest to ICCI 2023 on the national level; there were attendance from the Ministries of Energy, Consulates, and Commercial Attache Embassies from Belgium, Brazil, Denmark, Croatia, Iranian, Italy, Poland, Russia, and Türkiye for 3 days.

ICCI – International Energy and Environment Fair and Conference will take place at İstanbul Expo Center, between **April 24-26, 2024** for the **28th** time next year. We are looking forward to meeting you to shape the future of energy.

Product Groups

Generation Category:

Wind

- Wind Potential Analysis
- Wind Towers
- Frequency Control Equipments
- Wheel Hubs
- Mills
- Wind Turbines

Hydro Turbines

- Emergency Shut-Off Valves
- FloControls Valves
- Gearboxes
- Generators
- Governors
- Hydro Turbines
- Lubricating Oil Systems
- Pumped Hydro Systems

Gas Turbines

- Gas Turbines
- Generator
- Air Cleaner, Dryers and Filters
- Inlet Air Cooling and Fogging Technologies
- Lubricating Oil Systems and Filters
- Component Manufactures
- Performance Monitoring Systems
- Turbine Blades and Coating
- Vibration Monitoring, Diagnosis, and Analysis Services

Diesel / Gas Motors

- Air filters
- Exhaust Silencers
- Fuel Filters, Separators & Injectors
- Gas Mixers
- Ignition Systems (Spark Plugs)
- Intercoolers
- Knock Detectors
- Lubricating Oil Additives and Filters
- Turbochargers
- Vibration Dampers and Monitors

Clean Coal Technologies

- Fluidized Bed Combustion Systems

- Gasification Systems
- Integrated Gasification Combined Cycle (IGCC) Plant Technologies

Boilers / Steam Generators

- Air heaters / Pre-heaters
- Blowers
- Boiler Tubes
- Coal-Grinders
- Combustion Control Systems
- De-Aerators
- Economizers & Superheaters
- Soot Blowers
- Fans
- Fluidized Bed Combustion Systems, Atmospheric
- Moving Grate Firing System
- Sootblowers
- Waste Heat Recovery

Steam Turbines

- Stabilizers
- Condensers
- Clutches
- Steam Turbine Drives
- Steam Turbine Drive Systems
- Expansion Joints
- FloControl Valves
- Gearboxes
- Generators
- Governors
- Lubricating Oil Systems
- Parts Manufacturers
- Steam Separators
- Steam Turbines
- Turbine Blades

Alternative Energy Systems

- Batteries and Uninterrupted Power Source (UPS) Systems
- Cogeneration and Trigenation Systems
- Micro Cogeneration
- Pressurized Air Energy Storage
- Batteries
- Electrical Devices
- Fuel Cells

- Hydroenergy (Tidal, Wave, Current)
- Waste-Energy Systems
- Heat Storage Systems
- Hydrogen
- Pumped Hydro Storage Systems
- Ultra Capacitor

Nuclear

- Cutout
- Nuclear Equipment
- Nuclear Services
- Nuclear Fuel and Fuel Riser
- Pumps for Nuclear Facilities, Piping, Connectors
- Radiation Control
- Reactor Design
- Reactor Monitoring and Instrumentation
- Robots
- Seismic Studies and Equipments
- Shock Absorber Repair and Replacement
- Structures
- Ultra Centrifuges
- Waste Disposal
- Waste Hauling

Cooling Systems / Condenser and Water Purification

- Air Cooled Condensers
- Condenser Service / Repair
- Cooling Additives
- Purifiers, Water Filters
- Water Demineralizer
- Ion Exchange
- Resins
- Membranes
- Reverse Osmosis Systems
- Water Monitoring and Processing
- Water Quality Instrumentation
- Cooling Towers

Air Quality Control / Emission Controls / Environmental Equipment & Services

- Baghouses & Fabric Filters
- Electrostatic Filters

Product Groups

- Chimney Gases Desulphurization Systems
- Nitrogen Oxide Control Systems
- Catalytic Converters
- Selective Catalytic Reduction (SCR) System Sensors
- Expansion Joints and Absorbers
- Acoustic Absorbers
- Active Carbon Filters
- Chimney / Stacks
- Linings and Coatings
- Mercury Measurement
- Sound Absorbers

Instrumentation, Controls, Communication

- Analysers
- Annunciators & Alarms
- Cable Trays, Enclosures and Ducts
- Detectors, Gas
- Electricity Test Equipments
- Endoscopes
- Turbine Drives
- Flowmeters
- Measuring Equipments
- Heat Tracking
- Indicator, Flow, Heat, Level and Pressure
- Level Control and Tracking
- Load Banks
- Pressure Tracking and, Measurement
- Programmable Control Equipments
- Reactor Tracking and Instrumentation
- Heat Measurement
- Test Equipments
- Thermo Elements
- Converters
- Vibration Tracking
- Water Quality Instrumentation

Ash / Sludge Handling

- Ash Handling & Storage Systems
- Conveyors
- Cyclones
- Sludge Conditioning & Handling

Auxiliary Equipment

- Bearings
- Clutches
- Fuel Metering

Filters

- Heat Treatment
- Special Steels
- Gears

Design Engineering

- Architecture / Engineering Services
- Computer Supported Design and Engineering
- Construction and Installation Services
- Document Control Systems
- EPC Engineering, Supply and Construction
- EPC Engineering, Supply and Construction Management
- EPIC
- FEED – Front-End Engineering Design
- Project Management
- Concept Choosing
- SCADA / EMS Consultancy
- Power Quality Management

Solid Fuel Handling

- Fuel Handling Systems
- Bulldozer, Tractors, Scrapers and Loaders
- Coal Handling Equipment

- Coal Testing Services
- Conveyors and Stone Breakers
- Dust Control Systems
- Feeders and Loading Bays
- Laboratory Services
- Slurry Fuel Preparation
- Storage Systems

Fuels Procurement & Services

- Automatic Volume Control Device
- Calorific Value Measurement Devices
- Fuel Logistics and Handling Services
- Fuel Risk Management Services
- Fuel Feeding and Trade
- Gas Counters
- Delivery Services

Maintenance

- Alignment
- Asbestos Removal
- Counterbalancing
- Bearing Services
- Boroscopes
- Calibration Equipments and Services
- Cleanup – General Plant and Equipment Cleaning Services
- Coating Applications
- Corrosion Control and Tracking
- Cranes
- Diagnosis, Marking and Tagging Systems
- Insulation
- Stairs, Handrails, and Platforms
- Life Extension Services
- Lubricating Oil Services
- Machining Services
- Mechanical Malfunction Analysis
- Harmless Testing
- Operation Services
- Operational Maintenance
- Paints and Protective Coating
- Scaffolding and Supportive Gaskets
- Simulators
- Spare Parts Services
- Vibration Control

Transmission & Distribution Category

Transmission

- AC/DC, DC/AC, DC/DC Convertors
- Circuit Breakers
- Troubleshooting
- Power Quality Tracing Systems
- Protection Equipments
- Switchyard
- System Protectors (Breakers, relay)
- Power Line Carrier
- Transformers
- Underground Distribution
- Wiring & Cable
- Antenna Control / Photography, Transmission
- Arresters
- Bushings
- Fault Detectors
- High-Voltage Direct Current (HVDC)
- Phase Convertors
- Simulators, Transmission
- Tapchanger Controls
- Telemetry Controls
- Temperature Controls

Communication

- Antennas
- Broadband Over Powerline Cable
- Cellular (3G, 4.5G)
- Communication Systems Architecture
- Microwave Communication Equipments

- Modems Multiplexers
- Fiber Optical Communications
- Programmable Logic
- Satellite
- Signal Interference Detectors
- Voice Processing Systems, Communication
- Wide-Area Network (WAN) Wi-Fi
- Wireless Communications Equipment

Distribution & Substation Automation

- AC/DC, DC/AC, DC/DC Convertors
- Antenna Control / Photography, Transmission, Automation
- Arresters
- Analytic and Simulation Programming
- Batteries
- Bushings
- Circuit Breakers
- Control Systems
- Data Loggers & Analyses
- Automatic Distribution Equipment, General
- Dispatch Systems, Fault Detectors & Locators
- Harmonic Measurement Equipment
- Infrared Detectors
- Leak Detectors
- Load Management Systems
- Outage Management Systems
- Phase Convertors
- Programmable Logic Control (PLC)
- Protective Relays, Distribution Automation
- Recloser Controls
- SCADA Installation Services
- Simulators, Distribution Automation
- Voltage Surge Suppressor
- Tap Changer Controls
- Uninterruptible Power Supply

Geographic Information Systems (GIS)

- CreCallout Services

- Field Inventory Services
- Global Positioning Systems
- Maps / Mapping Services
- Hurricane Intervention and Damage Assessment
- UAVs / Drones
- Mobile Solutions

Hardware & Equipment

- Clamps
- Deadends
- High-Temperature Superconducting Cable
- Mobile Power Supply / Generator Rental
- Poles

Instruments & Control

- Data Acquisition, Storage & Transmission
- Equipments and Control
- Laboratory Systems
- Safety Instrumented Systems (SIS)

Customer Strategies & Technologies

- Behind the Counter Technologies and Services
- Customer Invoicing Systems
- Customer Relations Systems
- Customer Notification Services
- Data Analysis, Customer Technology
- Demand Response
- Energy Efficiency
- Home Automation
- Mobile Apps
- Prepayment
- Real Time Pricing Services, Customer Technology
- Smart Grid Solutions
- Hurricane Intervention and Damage Assessment
- Voice Processing Systems, Customer Technology

Metering

- Advanced Metering Infrastructure

Product Groups

- Automatic Metering Systems
- FloMeasurement Meters
- Phase Meters
- Power Factor Meters
- Prepayed Meters
- Real Time Pricing Services, Metering
- Running Time Metering
- VAR
- Voltmeter Watt
- Watt Hour

Smart Cities

- Building Management
- Digital Shopping (DEX)
- Energy Efficiency
- Energy Management Systems
- Sensors (Heat, Pressure, Lighting, Humid, GPS Receiver, On-Board Diagnostics)
- Smart Devices
- Smart Buildings
- Smart Cities
- Water / Waste Water Systems
- Internet of Things
- Lighting

Information Technologies and Programming

- Artificial Intelligence
- Cloud Systems
- Grid Management Systems
- Inventory Systems Programming
- Energy System Simulation Programming
- System Integration Services
- Virtualization
- Virtual Reality / Enhanced Reality

Security and Personal Protection

- Clothing / Personal Protection
- Inspection Services, Safety & Personnel Protection
- Training Services / Materials
- Contamination and Spill Control / Removal

- Security Equipment and Systems
- Survival Systems / Ships / Lifeboats / Lifejackets
- Waste disposal

Security, Cybersecurity & Protection

- Harmony Solutions
- Electric Fencing & Other Physical Barriers
- Gas
- Intrusion Detection
- NERP CIP
- Security Equipments
- Virus Protection
- System Integration

Technical, Laboratory and Computer Services

- Laboratory Equipment & Services
- Manufacturing / Machine Shop
- Publishing / Technical Literature / Training
- Technical, Laboratory, and Computer Services

Test & Measurement Equipment

- Cable Evaluation
- Cable Testing / Maintenance
- Instrument Calibration Services
- Relay Test Services
- Transformer Maintenance and Tracing
- Weather Forecast Information Services
- Weather Forecast, Meteorology, Equipments

Training

- Curriculum Development
- Simulation Products / Services
- e-Learning Platforms / Software

ICCI 2023 Conferences Theme:

Sustainable and Smart Transformation in Energy

SUSTAINABLE ENERGY SUPPLY SECURITY

- Smart Balance in Electricity Production Portfolio – Effective Management of Fossil and Renewable Sources
- Future of Natural Gas in Electricity Production
- Roadmap for Transformation in Fossil Fuels

NEW TECHNOLOGIES IN ENERGY

- Technological Advancements and Applications in Renewable Energy
- Solar Energy Systems
- Wind Energy Systems
- Technological Developments and Applications in Thermal Energy Production
- Decarbonization Technologies and Applications
- Green Hydrogen Technologies
- Carbon Capture and Storage
- Heat Pumps
- Small Modular Reactors – Nuclear Energy Transformation
- Fusion Energy – Game-Changing Technological Developments

STK SESSIONS – INDISPENSABLE STAKEHOLDERS OF THE SECTOR

FINANCE SOLUTIONS AND INCENTIVES FOR ENERGY INVESTMENTS

- Leasing
- EPS
- EXIM Banks/EBRD, EIB, Turkish Banks
- Incentive Mechanisms

ENVIRONMENTAL AND CLIMATE AGENDA DISCUSSION

- Sectoral Reflections of the Green Deal
- Cop27 and Beyond in Preventing Climate Change
- Sources of Water and Basin Management
- Corporate Sustainability Strategies

ENERGY STORAGE – E-CHARGE

(SPECIAL PROGRAM AND SPECIAL FAIR AREA)

- E-Mobility
- E-Charging
- Energy Storage
- Electricity Storage

OPERATION AND MAINTENANCE IN ENERGY PRODUCTION

- Service Offerings
- Efficiency Enhancing Solutions

Conference Programme

Red Conference Room

24 Mayıs 2023

10:30 – 12:00 Opening Speeches

Cem Şenel - TG Expo General Manager
Yavuz Aydın - Chairman of the ICCI Executive Board
İzzet Alagöz - General Manager of EÜAŞ Electricity Generation Joint Stock Company
Ziya Altunyıldız - Industry, Trade, Energy, Natural Resources, Information and Technology Commission President

13:35 – 14:30 Türkiye's Energy Roadmap

Moderator: Alkım Bağ Güllü - SHURA Energy, Transition Center Director
Dr. Cihad Terzioğlu - MÜSIAD, Board Member
Bırol Ergüven - Limak Enerji, Board Member
İzzet Alagöz - EÜAŞ, General Manager
İnanç Bilimgüt - EÜD, Supervisory Board Member

14:45 – 15:45 TWEA Special Session

Moderator: İskender Kökey - TÜREB, Secretary General
Ebru Arıcı - TÜREB, Vice Chairman of Public and Foreign Relations
Ufuk Yaman - TÜREB, Vice Chairman of Offshore Wind Energy
Ali Aydın - TÜREB, Vice Chairman of Consultancy, O&M and Other Services
Mutlu Sevimli - TÜREB, Executive Board Member

16:00 – 17:00 Smart Balance in Electricity Generation – Effective Management of Fossil and Renewable Resources

Moderator: Kazım Şenocak - TEİAŞ, Assistant Division Manager
A.Gökhan Gökdoğan - Rönesans Enerji, General Manager and Board Member
Murat Çiftçi - EİGM, Head of Electrical Energy Supply Security Department
Levent Arslan - Kardemir, R&D Engineer
Levent Duran, Enerjisa Üretim, Day Ahead and Intra-day Markets Senior Manager

25 Mayıs 2023

10:00 – 11:00 IIEEC Special Session: Türkiye Renewable Energy Outlook and Future

Moderator: Bora Şekip Güray - IIEEC, Director
Murat Solmaz - JED, Vice President
Ebru Çiçekliyurt - TÜREB, Board Member
Emre Hatem - GÜYAD, Board Member
Elvan Tuğsuz Güven - HESİAD, Board Member

11:15 – 12:30 TENMAK Special Session

Moderator: Prof. Dr. Abdülkadir Balıkcı - TENMAK, President
Doç. Dr. Bahadır Saygı - NÜKEN, Deputy Head of the Institute
Prof. Dr. Abdülkerim Yörükoğlu - BOREN, Head of Institute
Dr. Belma Soydaş Sözer - NATEN, Head of Institute
Dr. Sinan Yiğit - ENAREN, Head of Institute
Ragıp Kızıldaş - TEMEN, Deputy Head of the Institute

13:35 – 14:00 İstanbul's Waste Turns Into Energy

Dr. Yüksel Yalçın - İstanbul Enerji, General Manager

14:15 – 15:45 Energy Sustainability in Natural Disaster

Moderator: Prof. Dr. Sermin Onaygil - İstanbul Technical University
Energy Institute Faculty Member
Emrah Tatarka - Aksa Jeneratör, Director of Global Marketing and Business Development
Hasan Aksoy - SHURA Energy, Transition Center, Head of Research
Öner Alican - TEİAŞ, Director of Live Working Division
Sertaç Uraz - Aksa Doğal Gaz, Executive Board Member

16:00 – 17:00 MÜSIAD Special Session: Energy Transition

Moderator: Altuğ Karataş - MÜSIAD, Member of Board
İsmail Hakkı Karaca - MÜSIAD, President of Energy and Environment and Sector Board
Bülent Şen - MMG, President
M. Şerif Sankaya - Gazbir, Manager of Project and International Relations

26 Mayıs 2023

10:00 – 11:00 Future of Natural Gas in Türkiye Energy Production

Moderator: Mithat Rende, Ambassador (R)
Mustafa Güzel - EPIAŞ, Natural Gas Market Manager
Tufan Can Şener - Gazbir, Tariffs and Planning Executive
Dr. Özyay Kas - KOJENTÜRK, Member of Advisory Board
Dr. Eray Evgüllu - EÜD, Natural Gas Study Group Member

11:15 – 12:30 Local Technology Leaders – Wind

Moderator: Olcayto Yiğit
Yiğit Piyale - Vind Turbines, Founder
İsmet Habir - Enercon, Sales Manager
Batur Yenmez - YEKA RES, Executive Board Member

13:30 – 14:30 NGO's Session of Solar Energy

Moderator: Prof. Dr. Şener Oktik - Şişecam, Board Member of Şişecam & Faculty Member of Kadir Has University
Hakan Aytekin, GÜYAD, Board Member
Serdar Ekiz - GÜNEŞDER, Chairman
Fatih Ünal - GENSED, Board Member

14:45 – 15:45 Human Resources in Energy Sector

Moderator: Tahsin Armağan - KOJENTÜRK, Chairman of the Advisory Board
Prof. Dr. Zehra Yumurtacı - Yıldız Teknik Üniversitesi, Faculty Member
Dr. Yüksel Yalçın - İstanbul Enerji, General Manager

24 Mayıs 2023

13:30 – 14:30 GÜYAD Special Session

Moderator: Cem Özkök - GÜYAD, Chairman of the Board
Hakan Birkan - Investment Banking and Finance Director
Murat Çolakoglu - Tax Services Partner
Nigar Gökmen - Attorney Partner & Energy, Mining Infrastructure
Projects Manager Gülhan Gökmen - Chairman of the Board & CEO

14:45 – 15:45 Corporate Sustainability Strategies

Moderator: Prof. Dr. Filiz Karaosmanoğlu - Istanbul Technical University, Faculty Member & SÜT-D, President
Neslihan Tok - Türkiye Communications and Sustainability Group Manager
Irmak Pinar - Sustainability Manager
Ahmet Hatipoğlu - Total Energies, Renewable Energy Country Manager, Türkiye

16:00 – 17:30 COP27 ve Sonrası Global Efforts Against Climate Change – COP27 and Beyond in Climate Change Prevention Actions

Moderator: Aysin Turpanci - Climate Negotiations and International Policies, Directorate of Climate Change; Ministry of Environment, Urbanization and Climate Change
Mete İmer - Çevko, Secretary General
Eray Sarıdede - Intelta Founder
Mert Can Duman - Senior Advisor to the Chair of Industry, Trade, Energy, Natural Resources, Information and Technology Committee of Grand National Assembly of Türkiye

25 Mayıs 2023

10:00 – 11:00 Service in Power Plants

Moderator: Buğrahan Gökçek - GE Vernova, Gas Power Services Region Director - Türkiye & Caspian
Koray Toykuyu - Iggnita, Co-Founder
Atamer Derinpınar - İlteknö, Service Operations Manager
Alex Maltchev - O8 Oils, Product Line Manager Energy
Ali Burak Kosif - ExxonMobil Field Engineer
Carsten Giebeler - Spectrolytic, Spectrolytic Managing Director

11:15 – 12:30 Service and Maintenance Solutions in Power Plants

Moderator: Özgür Çalık - Powerntech, Co-Founder
Seda Gökten - Genba, Türkiye Country Manager
Adem Beysimoğlu - Standis, Co-Founder
Dr. Angel López - Guascor Energy S.A.U RDC + OSD RDC + OSD Team Leader
Ersun Gürkan - ARI-Armaturen Türkiye Marketing and Business Development Manager
Ulaş Yener - Motul Powergen, Business Development Manager

13:30 – 14:30 Importance of Cogeneration in Industrial Exporters

Moderator: Tahsin Armağan - KOJENTÜRK, Chairman of the Advisory Board
İbrahim Sindelişık - Kazan Soda, Trade Director of Energy
Burak Ükis - SOCAR Türkiye, Refinery & Petrochemical Business Unit Power Generation Manager
Serbay Tarakçı - Energy Production Manager
Babür Anagün - Energy Planning and Trade Executive
Enver Yusuf Büyükoğlu - Energy Efficiency Expert

14:45 – 15:15 National Energy Plan

Dr. Ömer Erdem (PhD) - Director General of Energy Affairs

15:30 – 16:30 Sectoral Reflections in Carbon Border Adjustment Mechanism

Moderator: Bahar Güçlü - Republic of Türkiye Ministry of Trade, Türkiye - Deputy Director General
Aygen Erkal - IMSAD, Secretary General
Volkan Bozay - Türk Çimento, CEO

What Did They Say About ICCI 2023?

“ Cem Özkök

GÜYAD, Chairman of the Board

People are curious about Türkiye, they want to invest in Türkiye, and Turkish investors also want to invest abroad with foreigners. Whether it is about finance or production, all issues are being discussed and going well. ”

“ İzzet Alagöz

**General Manager of EÜAŞ
Electricity Generation Joint Stock
Company**

The ICCI Fair has left positive marks within the industry throughout the years. I am one of the believers that these should continue to increase. Therefore, I am excited to participate in every ICCI Fair, and I will continue to do so for as long as I live. ”

“ Neslihan Tok

**Türkiye Communications and
Sustainability Group Manager**

This is an extremely comprehensive event where the heart of the energy sector beats. It is already being held for the 27th time this year. I recommend that anyone interested in discussing the past, present, and future of energy should attend on the 2nd and 3rd days as well. It's a great platform. ”

“ İskender Kökey

TÜREB, Secretary General

ICCI is an event that we have been excitedly attending since the first day of the industry, bringing the industry together. We are extremely happy to be together again in 2023. Here, we had the opportunity to come together with our industry stakeholders, discuss our common problems, listen to any new news together, and evaluate them. As every year, ICCI did its part this year as well, and we are here with great pleasure. Thank you. ”

“ Erbil Büyükbay

**İstanbul Chamber of Industry, Manager,
Manager Environment and Energy Department**

ICCI is one of the most important fairs in the sector. I had the opportunity to give a speech and to explore. I think it is very important for the industry network and I wish them continuous success. Thank you very much. ”

“ Altuğ Karataş – MÜSİAD, Member of Board

I have been attending ICCI for many years. We have important opportunities with ICCI, such as bringing together the energy sector, increasing networking and communication, and even getting together with people we haven't seen for years. In addition to this network, it creates a tremendous interaction, communication and development related to business. We talk about the developing renewable energy and even new sources and new technologies. Looking at it from this perspective, I see ICCI as a highly productive, effective and beautiful organization that not only allows us to acquire knowledge but also increases our communication and expands our trade volume. Moreover, it may also create opportunities for participant companies to develop their trade among themselves. ”

Moments from the Exhibition

What Did They Say About ICCI 2023?

“Serdar Ekiz
GÜNEŞDER, Chairman

The ICCI Fair is the biggest fair that shapes the energy sector in Türkiye. In this regard, I have benefited greatly from it during my career development process. I have made sure to attend every year. This year is the 27th edition, and the world is changing. In this sense, necessary changes have also been reflected here. I wish ICCI continuous success for greater achievements and bigger steps in the future. ”

“Yaşar Esen
Smart Solar Technologies, Business
Development Director

I wish all the success for the ICCI Fair. I believe that it is a very beneficial conference and a very productive fair for our country, so I thank the entire organization very much. ”

“Alkım Bağ Güllü
SHURA Energy, Transition Center
Director

Especially in terms of diversifying the topics, this year was quite good. Because the energy sector in Türkiye is undergoing a serious transformation. This year, there were really different and beautiful conferences and presentations in terms of energy transformation, especially in the field of new technologies, in the program of ICCI, and there were participants from both the public and private sectors, as well as other academic and civil society organizations. In that sense, I can say that it was quite satisfying. ”

“Tayfun Bayraktar
Enerco, Sales and After Sales Director

It's good to have the opportunity to meet with all industry stakeholders and investors at once in such an organization at least once a year. People get away from the office environment a little and evaluate the industry together here. We are already regular ICCI exhibitor. We will also be at the fair with our booth in the future years. ”

“Pengfei (Enis) Jian
Goldwind Türkiye, Business
Development Manager

We are exhibiting in the ICCI Fair for the first time. It is a really important stage for us, after all, Goldwin Turkey has been present in Turkey since 2017, but in those years we want to highlight ourselves and introduce ourselves, especially on such an important platform like ICCI. It is a very good and important organization, and we hope to exhibit again next year. Thanks to everyone who organized this event, well done! ”

“Ahmet Invermiş
Student

I think that with the networks I have gained at this fair, I can create new job and internship opportunities for myself. ”

Moments from the Exhibition

What Did They Say About ICCI 2023?

“ **Ümit Güngör**

Fiterm, Sales and Marketing Manager

We have been exhibiting in the ICCI fair for 16 years. We met with our customers during the three-day fair, and I can say that we had very lively and dynamic three days. We will continue to exhibit with the same excitement as the other companies exhibiting at ICCI. Our fair is now in a new location this year. Hopefully, it will continue to grow and we are happy about it. ”

“ **Sarper Saraçoğlu**

Enerjisa, Sales Manager at Customer Solutions

It was a great panel. Everything realised smoothly in terms of organization, it was very well organized, and the interest of the participants was very high, so it was a pleasant panel and a great fair. ”

“ **Hamdi Hoplamaz**

Barış Technological Installation, Sales and Marketing Director

This year we are exhibiting in ICCI for the first time. All the topics selected in the seminars and presentations were very good and successful. We are very happy. We are thinking of participating again next year. ”

“ **İbrahim Turan**

Atlantik Grup, Owner and General Manager

I haven't been here in the past years, but this year we were invited and came for that reason. As far as I can see, it's a really good fair. It's a fair where experts and interested people come, not just anyone. Worldwide companies are here. Actually, we are planning to exhibiting in this fair as exhibitors in the coming years. ”

“ **Yüksel Yalçın**

İstanbul Enerji, General Manager

ICCI is one of the most important fairs in Türkiye that we have attended in the past years. It is also very important for us, we also exhibit to ICCI Fair every year. Issues such as energy technologies, energy investments and energy efficiency are the most important and leading issues in Türkiye right now. In terms of shedding light on this, I think it is a very valuable, very meaningful issue that our country needs, so I think it is useful. ”

“ **Süleyman Çağlayan**

Exxon Mobil, Business Development Manager

We closed the fair with high satisfaction. We are already one of the longest-standing exhibitors of this fair. I think the fair was a productive one. We hope that it will continue in the same way for us. ”

ICCI 2024 Venue Plan

ICCI 2024 will be at İstanbul Expo Center Hall 1-3 in 2024, Providing Energy to the Sector

ICCI 2024 will be the focus of the energy sector at the İstanbul Expo Center, the largest exhibition center of Türkiye, in its renovated halls. With its close proximity to the airport and the surrounding roads, metro, and the presence of parking areas, landscape and excellent infrastructure, İstanbul Expo Center will be a point of attraction for hundreds of domestic and international visitors.

Transportation Options:

Metrobus

You can reach the fairground with the Metrobus from Zincirlikuyu, Mecidiyeköy and Avcılar, which is a fast mode of transportation. Using the 34A metrobus line, you can transfer to the Airport metro from Şirinevler station and get off at the World Trade Center/Istanbul Expo Center station and walk to the fairground.

Metro

MIA metro line passes through the Istanbul World Trade Center/Istanbul Expo Center complex. It is possible to transfer to the Airport metro line from Zeytinburnu or Şirinevler metrobus stops.

Bus

IETT's 96T bus line transports passengers between Taksim and Atatürk Airport. The bus departs from Taksim following the coastal route of Şişhane, Unkapanı, Aksaray, Yenikapı, Zeytinburnu and Bakırköy, and passes through Ataköy and Istanbul Expo Center right before reaching the airport.

Sea Bus

If you are on the Anatolian side and want to reach the fairground from Kadıköy or Bostancı, you can use the IDO Sea Bus from Kadıköy or Bostancı to Bakırköy. Detailed information: www.ido.com.tr

Car

You can reach the fairground by road using three different arteries: E5, TEM and through the Coast (Sahil Yolu in Turkish).
